

***Metropolitan Regional Council
United Brotherhood
of Carpenters***

***Welcome's Rotem / T.T.A. Employees
to Explore Your Possibilities***

The Metropolitan Regional Council represents over 12,500 Members in this Geographical Jurisdiction

When people think of Carpenters they think of Hammers and Nails. The Carpenters Union is so much more than that. We have been representing workers for over 128 years. We are building America, from family modular homes and corner drug stores to high rise office buildings and ships at Aker Shipyard. The Carpenters Union wishes to Represent you at Rotem as Car Builders and welcome you to the carpenters family. We represent hundreds of maintenance and production workers at dozens of facilities within our Geographical Jurisdiction.

As part of the Carpenters Union we guarantee our Members REPRESENTATION, SAFE WORKING CONDITIONS, TRAINING, and many other rights and protections through collective bargaining agreements. We currently negotiate over 50 collective bargaining agreements and have over 700 signatory employers. These agreements determine wages, benefits, working conditions, jurisdiction and many other protections and are different in each agreement depending on the craft, trade, work and facility.

The following are just a few of the Collective Bargaining Agreements and opportunities available to you as a Member.

Collective Bargaining Agreements

Commercial (GBCA)
Interior Finish (IFCA)

When it comes to Training, no organization can compare to the Carpenters Union. We train our Members from the day they become a Member to the day they retire, FREE. That's right, our Members can take as many classes and certification courses as they want at NO CHARGE.

Training and a skilled workforce are what Employers have indicated is the number one concern. We have always realized this. That is why we devote so much time and money to our training facility, which we recently doubled in size. Our award winning training center will offer you an opportunity to improve your skills and craftsmanship. Your opportunities do not end with Rotem.

TRAINING FACILITY

10401 Decatur Road Philadelphia, PA 19154
